**Issue 1, 09/28/2022**

You can find more information and the configurator for the BMW Z4 online at [www.bmw.de/Z4](http://www.bmw.de/Z4) You can find more information at [www.bmw.de](http://www.bmw.de) and from our BMW customer service Monday to Sunday from 8 a.m. to 8 p.m., telephone 089 1250 160 00, E-Mail: [kundenberatung@bmw.de](mailto:kundenberatung@bmw.de)

**BMW Z4 M40i:**

19" M light-alloy wheels V-spoke style 772M bicolour jet black matt with mixed tyres, exterior color in Thundernight metallic, M sport seats for driver and front passenger in Vernasca leather, ivory white with decorative stitching, M interior trim strips in Aluminum Tetragon.  
The prices given apply to the model versions offered in Germany. All prices shown are BMW AG's recommended retail prices ex works, excluding transport costs.

We reserve the right to make changes to designs and equipment. Your BMW partner will be happy to provide you with information about the detailed scope of optional extras and other individual equipment options (BMW Individual). The technical data, consumption values and trailer loads refer to a vehicle with standard and special equipment installed ex works. Subsequently installed accessories or add-on parts are not taken into account.

DEVELOPS FREEDOM.

THE NEW BMW Z4 ROADSTER.

21/09/2022

## PROGRESSIVE AESTHETICS IN ICONIC ROADSTER DESIGN.

The racing-inspired design of particular depth and quality characterizes the exterior of the new BMW Z4. The wide and flat shape of the BMW kidney grille makes a strong statement of sporty presence. The defined character line above the rear wheel arch creates tense surfaces. The standard M aerodynamics package ensures optimized efficiency and powerful dynamics.

21/09/2022

## AN EXPERIENCE FROM EVERY PERSPECTIVE. THE NEW BMW Z4 ROADSTER.

In the interior, a generous and open feeling of space meets modern design and innovative functionality. The optional M sports seats with integrated headrests, deep seat surfaces and high seat and backrest bolsters offer the driver and front passenger improved support, even in fast alternating bends. Optional equipment such as the M Shadow Line, the outstanding Harman Kardon Surround Sound System or ambient light for individual customization of the interior underscore the dynamic appearance and emphasize the typically sporty character of the new BMW Z4 Roadster.

Vehicle prices are shown in **EUR incl. 19% VAT** [EUR without VAT] as a recommended retail price ex works without transport costs. The BMW models listed meet the Euro 6d emissions standard. See the TECHNICAL SPECIFICATIONS section for more information.

**BMW xDrive – the intelligent all-wheel drive system from BMW**

Official information on fuel consumption, CO2 emissions, power consumption and electric range were determined using the prescribed measurement method and correspond to the VO (EU) 715/2007 in the current version. WLTP information takes into account any special equipment (in this case the German market) in ranges. For vehicles that have been type-tested since January 1st, 2021, the official information only exists according to WLTP. Further information on the NEDC and WLTP measurement methods can be found at [www.bmw.com/wltp](http://www.bmw.com/wltp)

## CONNECTIVITY & INFOTAINMENT

### BMW Live Cockpit Professional

Display network consisting of a fully digital, freely programmable 10.25" instrument display and a high-resolution 10.25" touch display (1920x1080 pixels) including split-screen function, displays can be individually configured (widget)

- **Navigation and entertainment system:** radio with fourfold tuner with diversity reception and RDS; 2 USB ports; Bluetooth/WiFi interface for wireless connection to mobile end devices, for example for Bluetooth audio streaming; synchronization of SMS and contact photos; Connection of up to 2 mobile phones and an audio source
- **BMW Intelligent Personal Assistant:** Intuitive operation through natural language recognition, which can also be activated by command ("Hey BMW"), by direct selection buttons or by BMW Controller (duration: 2 years)
- **Navigation** function with mapping of the current course of the road, arrow display, Map display showing north and driving directions as well as in perspective, 3D landmarks, Micro City Models, free text search for addresses and points of interest, route guidance with auto zoom function
- **Navigation map update Over the Air,** 2 years free automatic map update up to 4x per year as part of BMW ConnectedDrive
- **4G LTE connectivity,** consisting of a permanently installed 4G network-capable SIM card in the vehicle, intelligent emergency call, BMW teleservices, BMW vehicle apps (e.g. weather, news) and BMW connected services
- **WiFi Direct:** wireless connection of mobile devices (e.g. Apple CarPlay)
- **Real Time Traffic Information (RTTI) (including hazard warnings):** Real -time traffic information on motorways, country roads and inner-city roads, precise information on the traffic situation on the current route and on potential detours; Display of danger messages, such as accidents, breakdown vehicles or rain (duration: 2 years)
- **Remote Services:** Remote functions that can be used via selected smartphones with the My BMW App can be called up, including unlocking/locking the vehicle and searching for a location, sending destination addresses to the vehicle
- **BMW Maps:** proactive destination suggestions via My BMW App and in the vehicle, takeover of destination functions from other apps such as Google Maps or similar, expansion of route suggestions to include online alternative routes, proactive suggestions for finding a parking space, reservation and payment options (via ParkNow) as well as points of interest, on-street parking information for the probability forecast of free parking spaces on the street for selected large cities (duration: 2 years)
- **Smartphone Integration\*\*:** enables wireless use of the smartphone, Display and operation of smartphone content such as music, messages/SMS, telephony, selected third-party apps and navigation via the vehicle's user interface, compatibility and range of functions of the smartphone with Apple CarPlay or Android Auto depending on the model year and installed software version (duration: unlimited)
- **WLAN hotspot:** allows mobile end devices to be connected to the Internet via the SIM card integrated in the vehicle, up to 10 devices and, depending on the local bandwidth, surfing the Internet with a maximum of 100 Mbit/s, optional use is subject to a charge, since the registration is only carried out via the customer device used
- **Connected Music:** enables music streaming in the vehicle (Spotify required) (Duration: 2 years)

### Intelligent emergency call

### ConnectedDrive Services\*

free use of BMW vehicle apps via BMW Online (mobile Internet portal, incl. access to weather information, news, etc.), BMW Connected+ (enables vehicle integration of personalized and mobility-related services via Bluetooth connection to the My BMW app), registration required for services that can be personalized

### DAB tuner

Additional reception of digital radio programs, DAB+ capable

### HIFI sound system

10 speakers

### Hands-free device with USB interface

### On-board

**computer** with check control, outside temperature display including service interval display with distance to go

\* Information on the BMW ConnectedDrive services, the BMW ConnectedDrive General Terms and Conditions and Terms of Use and the legal information on data protection can be found at [www.bmw.de/kundenberatung-connecteddrive](http://www.bmw.de/kundenberatung-connecteddrive). If you have any questions, you can also contact the BMW ConnectedDrive hotline, which is available by telephone from Monday to Sunday from 8:00 a.m. to 8:00 p.m. on Tel. +49 89 1250-160 10 and by e-mail at [bmw-connecteddrive@bmw.de](mailto:bmw-connecteddrive@bmw.de) is available.

\*\* Note on use: Smartphone integration is permanently available in the vehicle. It includes Apple CarPlay® and Android Auto®. Long-term usability of the Apple CarPlay® service or Google Android Auto® service cannot be guaranteed due to possible future technical developments (e.g. mobile phones). CarPlay® is a trademark of Apple Inc. Android Auto® is a trademark of Google LLC.

## COMFORT AND FUNCTIONALITY

### Automatic climate control with 2-zone control

- Separate temperature control for driver and front passenger possible
- Automatic program with 5 intensity levels separately for driver and front passenger
- SYNC function: Driver settings apply to the entire vehicle interior
- automatic air recirculation control (AUC), sensor detects petrol and diesel exhaust gases
- Use of residual heat
- maximum cooling (MAX AC) for driver and front passenger together
- Condensation and solar sensor
- Micro and activated carbon filter
- Standluftung

### LED headlights

Low beam, high beam, daytime running lights in LED technology, automatic headlight range control

### Rear lights in LED technology

### light package

### Seat heating for driver and front passenger

### Automatically dimming interior mirror

### windbreak

- Optimization of climate comfort
- Net structure in the frame, interior mirror can be used with the windscreen in place
- Fixed cover for rear seats (**access protection** at traffic lights when the top is open) reduces the draft caused by underpressure for the driver and front passenger
- collapsible

### load-through system

### storage package

- In the luggage room
- 4 Verzurrosen
- Storage net on the left

### drink holder

### Personal Profile

key-related personalization of important operating functions

### 12 volt socket in storage compartment

## ENGINE DEPENDENT EQUIPMENT

### M40i:

- Ambient light

# SELECTED STANDARD EQUIPMENT.

---

## DRIVE/DRIVE DYNAMICS/CHASSIS

---

**TwinPower Turbo 4-cylinder petrol engine with emission standard Euro 6d**  
Otto Particulate Filter (OPF)

---

**6-speed manual gearbox**

---

**Auto start stop function**

---

**Driving experience switch with Comfort, Sport and Eco Pro mode**

---

### **Cruise control with brake function**

- Cruise control with braking function in the speed range from approx. 30 km/h to 250 km/h
  - Downhill driving with brake intervention (also with trailer operation)
  - A comfortable speed is set in curves
  - Operation via multifunction steering wheel
  - Display of desired speed and operating mode in the instrument cluster
  - The driver can override the function at any time
- 

### **Variable sports steering**

---

#### **Parking brake**

- Including automatic hold function
  - Automatic release of the parking brake when starting (also for vehicles with shift transmission)
- 

## ENGINE DEPENDENT EQUIPMENT

### **sDrive30i, M40i:**

- 8-speed Steptronic sports transmission with shift paddles on the steering wheel

### **M40i:**

- M TwinPower Turbo inline 6-cylinder petrol engine
- Adaptive M suspension
- M sport differential
- M sports brakes, blue

---

## DRIVER ASSISTANCE AND SAFETY

---

### **Airbags**

- Driver and front passenger airbags
  - Side airbags for driver and front passenger (integrated in the seat) with combined head airbag
  - Passenger airbag can be deactivated
- 

### **driving safety systems**

- Anti-lock braking system (ABS) including brake assistant and dynamic brake lights
  - Cornering Brake Control (CBC)
  - Dynamic Stability Control (DSC) including Dynamic Traction Control (DTC)
  - Speed Limit Info incl. no-overtaking display
  - Lane Departure Warning with Lane Return: recognizes lane markings approx. 70 km/h and warns of unintentionally leaving the lane by vibrating the steering wheel
  - Front collision warning with braking intervention includes the collision and pedestrian warning with city braking function
- 

### **Park Distance Control (PDC)**

Ultrasound-based driver assistance system. Facilitates parking and exiting with acoustic and visual distance warnings in front of obstacles in the front and rear area. This is indicated by colored markings in the schematic representation of the vehicle on the central display. At distances < 25 cm, a continuous tone sounds. With Auto PDC, the function is activated automatically from a speed of < 4 km/h. This occurs when moving forward from a distance of 0.6 m to the vehicle in front or when reversing from 1.5 m. PDC can be switched off manually.

---

Please note: The scope of the system included in the basic equipment only supports within defined system limits. Responsibility and reaction to real traffic events remain with the respective driver.

---

### **ISOFIX child seat attachment for the front passenger seat**

---

### **rollover protection system**

---

### **alarm system**

---

### **Tire pressure control and flat tire indicator**

---

### **Warning triangle and first aid kit**

---

### **wheel bolt lock**

---

## STAY ON TRACK.

For the original tires of your BMW with first registration from July 1st, 2020 and all complete wheels and tires with star markings purchased from BMW, you will automatically receive 36-month BMW tire insurance with up to 100% cost reimbursement in the 1st year at no additional cost. Find out more at [www.bmw.de/de/topics/service-zubehoer/original-bmw-zubehoer/bmw-raeder-reifen.html](http://www.bmw.de/de/topics/service-zubehoer/original-bmw-zubehoer/bmw-raeder-reifen.html) or from your BMW partner. (BMW tire insurance is a product of Allianz Versicherungs-AG).

The information on fuel consumption, CO2 emissions and efficiency class applies depending on the selected wheel category and special equipment. You can obtain the vehicle-specific consumption value according to NEDC and WLTP in the BMW online configurator at [www.bmw.de/konfigurator](http://www.bmw.de/konfigurator) or from your BMW partner.

## ASSISTANCE SYSTEMS

### Driving Assistant

camera and radar based. Driver assistance system consisting of: - **Lane departure warning:** recognizes lane markings from approx. 70 km/h and gives a warning via steering wheel vibration unintentionally leaving the lane  
- **Lane change warning:** Monitoring of the lateral vehicle surroundings, detection of vehicles in the "blind spot" from approx. 20 km/h when changing lanes, haptic warning on the steering wheel (vibration) and optical display in the exterior mirror  
- **Collision and pedestrian warning with city braking function**  
- **Rear cross-traffic warning:** warns of possible collisions with cross-traffic, eg when reversing out parking, in conjunction with reversing camera additional real image display in the control display  
- **Prevention of rear-end collision:** warns following traffic with the hazard warning lights by flashing twice  
Frequency when an impending rear-end collision is detected  
- **Speed Limit Info with display of upcoming speed limits and overtaking restrictions**

5AS      **900,-**      †††  
[756,30]

Included in the scope of the innovation package

Only in conjunction with interior and exterior mirror package

### Active Cruise Control with Stop & Go function

Camera and radar-based driver assistance system consisting of cruise control with distance control, Speed Limit Info including no-overtaking display, manual Speed Limit Assist and front collision warning with brake intervention

5DF      **500,-**      †††  
[420,17]

Only available in conjunction with Steptronic Sport transmission

### Parking Assistant

Camera and ultrasound-based parking assistance system consisting of:  
- **Parking assistant:** the parking assistant makes it easier to park/leave in parallel and end-on parking spaces (steering, accelerating, braking)  
- **Reversing camera:** optical display of the rear area of the vehicle on the control display, camera in the tailgate  
- **Side parking aid:** The system notes obstacles when driving past and shows their distance to the side area of the vehicle on the Control Display  
- **Reversing assistant:** when driving forward, saves the last 50m of an entry route that the driver has taken himself, so that the driver can drive back along this route when reversing

5DM      **600,-**      †††  
[504,20]

## FUNCTIONALITY

### Interior and exterior mirror package

Automatically dimming exterior mirrors on the driver's side, electrically folding exterior mirrors, automatic curb function for Passenger outside mirror (when reverse gear is engaged)

430      **320,-**      †††  
[268,91]

## SAFETY

## ORIGINAL BMW ACCESSORIES.

Intense driving experiences, even better: Original BMW accessories go best with original BMW accessories. Whether wheels and tyres, transport and luggage compartment solutions, interior accessories, communication, information and technology, charging accessories or M Performance Parts - with Original BMW Accessories you will find precisely the individual solution that will give you a whole new experience of driving pleasure.

## WHEEL AND TIRES.

With the original BMW complete wheels you will reach your destination safely and underline the sporty appearance of your BMW at first glance. But what you don't immediately realize is that they are precisely tailored to your BMW, undergo the most extensive tests with intensive material and functional tests and were developed in close cooperation with leading tire manufacturers - individually tailored to the driving dynamics and design language of each individual BMW model.

## TRANSPORT AND LUGGAGE SOLUTIONS.

Original BMW Accessories offer you a wide range of transport and luggage compartment solutions. In accordance with your personal wishes and interests, you can create additional space whenever and wherever you need it.

Whether it's carrier systems or accessories for the luggage compartment - you can always be sure that Original BMW Accessories are tailored precisely to your BMW and are easy to use.

## INTERIOR ACCESSORIES.

A perfect fit – all Original BMW Interior Accessories products help to design the interior of your BMW according to your own ideas. In addition to the high level of functionality of Original BMW Accessories, you always opt for attractive BMW design and particularly good workmanship and material quality - and for an ambience that inspires you anew on every journey.

## COMMUNICATION, INFORMATION AND TECHNOLOGY.

State-of-the-art functions and features for maximum freedom and flexibility: Original BMW Accessories for communication, information and technology are always at your side. It doesn't matter whether you value optimal telephone accessibility or the best sound - the innovative Original BMW Accessories have the right solution. Wherever you go, you'll always enjoy a good connection and personal entertainment.

## CHARGING ACCESSORIES.

No matter where and how you want to charge your BMW – Original BMW charging accessories offer you tailor-made products and services. While your BMW is charging privately with the BMW Flexible Fast Charger at any socket or, even more conveniently, at a BMW Wallbox from Original BMW Accessories, there is an extensive network of public charging points available on the road. Innovative Connected Charging services, for example, show charging stations in the information display of your BMW or you can easily start the preconditioning of your vehicle from your smartphone. Your local BMW partner will advise you on other charging products and services such as installation scopes from our third-party partner NewMotion.

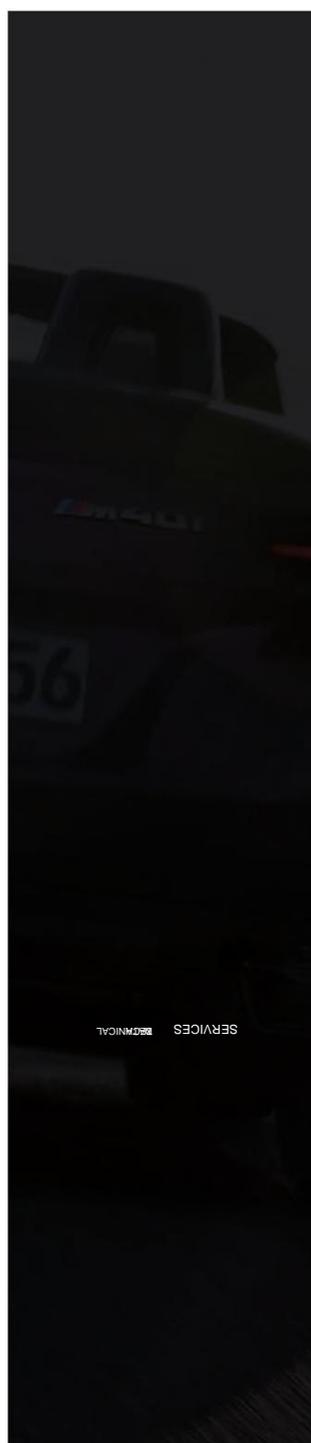

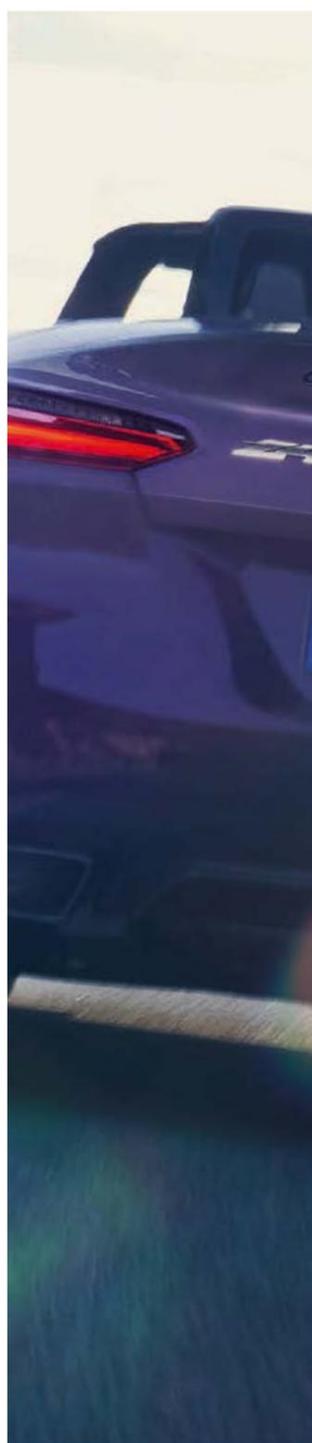

## M PERFORMANCE PARTS.

With the M Performance Parts, you can also experience BMW's motorsport DNA in a fascinatingly intense way away from the race track. A large number of technical and optical components make outstanding technology a visual and tangible experience. Exclusive materials and first-class quality guarantee perfect dynamics. Experience inspiring top product performance: individual, expressive and uncompromising.

Discover the entire range of Original BMW Accessories and the product range of BMW M Performance Parts.

Specifications in [ ] apply to vehicles with Steptronic transmission.

1 The EC curb weight refers to a vehicle with standard equipment and does not include any optional equipment. The curb weight includes a 90% tank filling and 75 kg for the driver. Optional equipment can change the weight of the vehicle, the payload and, if it affects the aerodynamics, the top speed.

2 Official information on fuel consumption and CO<sub>2</sub> emissions was determined according to the prescribed measurement procedure and corresponds to the VO (EU) 715/2007 in the currently applicable version. Specifications in the NEDC take into account differences in the selected wheel and tire size in ranges, in the WLTP all special equipment. WLTP values are used to calculate taxes and other vehicle-related charges that are (also) based on CO<sub>2</sub> emissions and, if necessary, for the purposes of vehicle-specific subsidies. The NEDC values listed were determined on the basis of the new WLTP measurement method and calculated back to the NEDC measurement method for comparability. For vehicles that have been type-tested since January 1st, 2021, the official information only exists according to WLTP. You can find more information on the WLTP and NEDC measurement methods at [www.bmw.de/wltp](http://www.bmw.de/wltp).

<sup>3</sup> Information on performance for petrol engines relates to operation with RON 98 fuel. Information on consumption relates to operation with reference fuel in accordance with VO (EU) 715/2007. Unleaded fuel grades RON 91 and higher with a maximum ethanol content of 10% (E10) are permitted. BMW recommends the use of premium unleaded RON 95 petrol.

4 electronically limited.

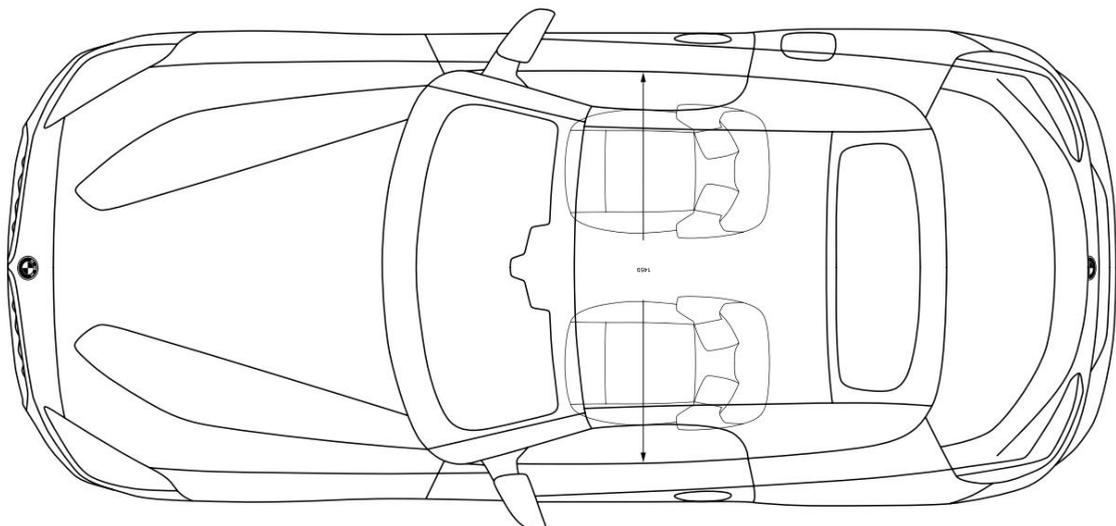

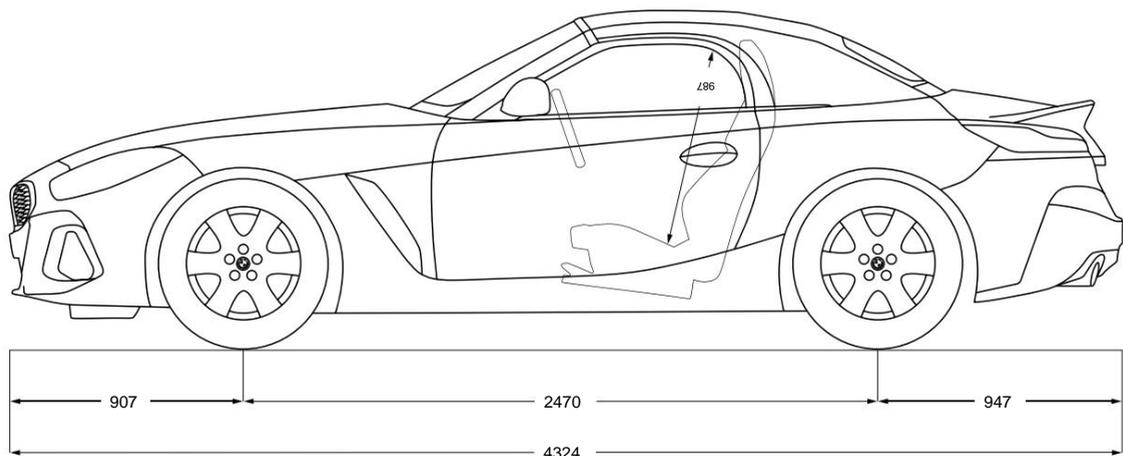

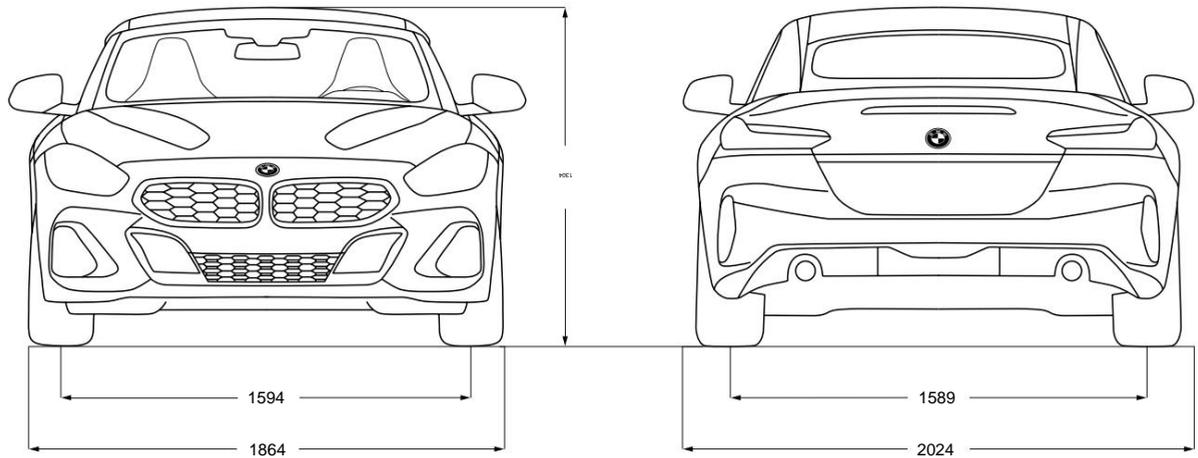

Further information on the official fuel consumption and the official specific CO<sub>2</sub> emissions of new passenger cars can be found in the "Guideline on fuel consumption, CO<sub>2</sub> emissions and power consumption of new passenger cars" which is available at all sales outlets, at Deutsche Automobil Treuhand GmbH (DAT), Hellmuth-Hirth-Str. 1, 73760 Ostfildern-Schramhausen and is available free of charge at [www.dat.de/co2/](http://www.dat.de/co2/).

The information on fuel consumption, CO<sub>2</sub> emissions and efficiency class applies depending on the selected wheel category and special equipment. You can obtain the vehicle-specific consumption value according to NEDC and WLTP in the BMW online configurator at [www.bmw.de/konfigurator](http://www.bmw.de/konfigurator) or from your BMW partner.

The technical data, consumption values and trailer loads only refer to a vehicle with standard and special equipment installed ex works. Accessories or add-on parts installed later are not taken into account.
