***The following information only applies if you reside in the following states:**

Arkansas,	Maryland	Oklahoma
District of Columbia	Mississippi	South Dakota
Indiana,	North Carolina	Virginia
Kentucky	New Mexico	West Virginia

Dear Performance Center Delivery customer,

The State of South Carolina imposes a use tax of \$500 upon the first use of a new vehicle in South Carolina, purchased from a state listed above. Since you will be taking delivery of your new vehicle in South Carolina, this tax may apply.

This first time use tax will not be collected by your retail center or the BMW Performance Center. Should the State decide to collect this tax from out-of-state consumers, it would be billed by the State of South Carolina and payable directly to the same.

The BMW Performance Center is not aware of any instance where the State of South Carolina has sought this first time use tax against any of our delivery customers. In the event taxes are assessed and taxes were paid in your home state, recovery of taxes may be available in full or part. Note that such recovery may not be available from states adjoining South Carolina.

This notice only applies to customers residing in the states listed above.
We are sorry for any concern or inconvenience this may cause you.
